

## NEW DOCUMENTARY-STYLE SERIES TO CELEBRATE AMERICANA

*First season will highlight a family that values second amendment rights*

Firecracker Films and a Major TV network is currently looking for a fun family who fully upholds their second amendment right to bear arms. Must be fiercely patriotic and protective of the fundamentals that the United States was built upon.

This new series will feature one family - you will remind our viewers what Americana really means, you will represent your brothers and sisters in arms, and you will celebrate our Nation's core values.

If interested, or to refer a family that fits the above, please contact Sarah at 310-857-8575 or email [currierkate@gmail.com](mailto:currierkate@gmail.com) and tell us about yourself.
